

Quarter 1, 2005-2006 Programming Changes

Implementation Date: September 1, 2005

REVISED: 8/25/2005

1. **Issue:** At the request of Mental Health Community Center Executive Directors a diagnostic qualifier will be added to the RDM children's assessment process. This new field will feed into the child/adolescent TRAG calculator to reduce the number of LOC-R=9.

Resolution: Identify DSM-IV Codes that will be used create a Diagnostic Qualifier List (see below). When one of the diagnoses listed on the Diagnostics Qualifier List is found as the primary diagnosis (Axis 1, Level 1) for a child/adolescent, display a new field, **DIAGNOSTIC QUALIFIER**, in Section 1: CA-TRAG. A drop down list will display with selection options: I=Internalizing, E=Externalizing, or N=Medication treatment Not yet stabilized. Programming will be added that will collect the data to be submitted to the CA-TRAG for LOC-R calculation.

PROGRAM: New Child Adolescent/TRAG Calculator Version 3.0 - Model 204 CODE:

<http://www2.mhmr.state.tx.us/655/cis/FieldSupport/CAREModifications/CAREModifications.htm>

ADD: New field to EDTS and Batch File Layouts: **DIAG_QUAL** (See file layouts). <http://www2.mhmr.state.tx.us/655/CIS/FieldSupport/default.htm>

ADD: New field to the Assessment Form and Forms Completion Schedule (See forms and schedule). <http://www2.mhmr.state.tx.us/655/cis/training/forms.html>

ADD: New field and drop down list to the RDM Child/Adolescent Screen.

ADD: Error messages and codes to the error code database and child assessment programming.

Update and Post: All training material and PowerPoint Presentations.

<http://www2.mhmr.state.tx.us/CentralOffice/BehavioralHealthServices/BehavioralHealthmain.html>

Update and Post: The Child/Adolescent TRAG calculator/manual. <http://www.dshs.state.tx.us/mhprograms/RDMCAtrag.shtm>

Update and Post: September 1,2005 programming changes. <http://www2.mhmr.state.tx.us/655/CIS/Training/webcarepc.html>

Update and Post: New Child Adolescent TRAG Calculator Version 3.0 <http://www.dshs.state.tx.us/mhprograms/RDMCAtrag.shtm>

NOTE: Community Centers that are currently RDM batch assessment **certified** will **not** be required to update this field until 12/1/2005. A blank/null may be sent in the **DIAG_QUAL** field, position number 84 until 12/1/2005. After 12/1/2005 this will be a required data field for the conditions outlined in this document.

Diagnostic Qualifier List – CA - TRAG

Diagnostic Label	Codes	Valid Qualifiers			
Schizophreniform Dx	295.4	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Schizoaffective Dx	295.7	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Bipolar I	296.00-296.06; 296.4-296.46; 296.5-296.56; 296.6-296.66; 296.7	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Bipolar Disorder NOS	296.8	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Bipolar II	296.89	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Mood Dx NOS	296.9	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing		<input type="checkbox"/> Null Category for Batching until 12/1/2005
Delusional Dx	297.1	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Shared Psychotic Dx	297.3	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Brief Psychotic Dx	298.8	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Psychotic Dx NOS	298.9	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Cyclothymic Dx	301.13	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Adjustment Dx with Mixed Disturbance of Mood & Conduct	309.4	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing		<input type="checkbox"/> Null Category for Batching until 12/1/2005
Psychotic Dx due to Medical Condition	293.81; 293.82	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Schizophrenia	295.1-295.3; 295.6; 295.9	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Major Depression with Psychosis	296.24; 296.34	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005
Delirium Dx	780.09; 293.0	<input type="checkbox"/> Internalizing	<input type="checkbox"/> Externalizing	<input type="checkbox"/> Bipolar, Schizophrenia, or Other Psychotic Dx Not Yet Stabilized	<input type="checkbox"/> Null Category for Batching until 12/1/2005

2. **Issue:** Allow all discharges to be future-dated up to 30 days from the System date, except when Discharge Reason is:

- J = Jail (for Adult)
- J = TX Youth Commission (for Child/Adolescent), 2 = Residential Treatment (for Child/Adolescent following Treatment Foster Care) or 4=Court Ordered Juvenile Justice Placement (for Child/Adolescent following Treatment Foster Care).

Resolution: Change adult and children programming to allow for future dated discharges up to 30 days in advance.

3. **Issue:** For assessments subject to Medicaid Fair Hearings proceedings (Update Assessments **ONLY**) increase the timeframe allowed between the TRAG Date (Section 1, Adult; Section 1, Child/Adolescent) and the Authorization Date (Section 2, Adult; Section 3 for Child/Adolescent) from 14 day to 30 days when the new “Subject to Medicaid Fair Hearings” Check Box is checked.

This box should only be checked when the effective date of a level of care has been delayed because the consumer is:

- Medicaid Eligible and
- The new level of care authorized will result in a reduction in either rehabilitative services or case management services and
- The individual is within the 10 to 14-day notification period specified by the Medicaid Fair Hearing requirements.

Resolution: Allow the timeframe between the TRAG DATE and the Authorization Date to be extended from 14-30 days on **Update Assessments ONLY**, when the ‘Medicaid Fair Hearing Box’ is checked.

ADD: “Subject to Medicaid Fair Hearing?” checkbox to allow the date timeframe extended from 14 days to 30 days. This will display on all assessments, but will be valid for update assessments only.

ADD: New field to EDTS and Batch File Layouts: **SUBJ_FAIR_HEAR** (See file layouts). <http://www2.mhmr.state.tx.us/655/CIS/FieldSupport/default.htm>

ADD: Error messages and codes to the error code database and child assessment programming.

http://www2.mhmr.state.tx.us/655/cis/training/files/webcare/frm_DisplayResolution1.asp

Update and Post: All training material and PowerPoint Presentations.

<http://www2.mhmr.state.tx.us/CentralOffice/BehavioralHealthServices/BehavioralHealthmain.html>

ADD: New field to the Assessment Form and Forms Completion Schedule (See forms and schedule). <http://www2.mhmr.state.tx.us/655/cis/training/forms.html>

4. **Issue:** For Adult Section 2: LOCA – An adult assessment is NOT required to be open for H035, H036, and H050 mainframe CARE assignments. For H006, H029, and H030 CARE assignment codes, the date of the assignment must be on or after the latest Intake Assessment LOC-A Authorization Date.

Resolution: Change adult assignment programming to check CARE for RDM Assessments when assignments are added or updated. This change makes adult assessments function more like child/adolescent assessments.

-
5. **Issue:** Provide consistency between the adult and child assessment change the text on the **Child & Adolescent Evaluation Assessment** form/screen to **Child & Adolescent Uniform Assessment**.

Resolution: Change the text on the child/adolescent assessment form and screens to read: **Child & Adolescent Uniform Assessment**.

Update and Post: All training material and PowerPoint Presentations.

<http://www2.mhmr.state.tx.us/CentralOffice/BehavioralHealthServices/BehavioralHealthmain.html>

ADD: New field to the Assessment Form and Forms Completion Schedule (See forms and schedule). <http://www2.mhmr.state.tx.us/655/cis/training/forms.html>
